## DRAFT PROVISIONS NOT TO CRIPPLE THE BANKS

CINCINNATI, Sept. 10.—Regarding exemption of bankers and essential bank employees, President Chas. A. Hinsch, of the American Bankers' Association, has addressed a letter to the member banks of the association. The letter says:

"It is generally understood that the various draft boards will consider as exempt, or at least place in deferred classification, bank officers and employees whose services are absolutely essential to the operation of their respective institutions.

"It has been suggested, however, that if left to the individual officer or employee to ask for exemption very few will claim exemption. In this connection your attention is called to the fact that the Provost Marshal General has ruled that banking is an occupation necessary to the maintenance of the national welfare, and that skilled officers, and employees of banks may claim exemption or deferred classification, under the new draft law, on the ground that their services are vital to the continuance of the business in which they are engaged.

"The Provost Marshal General states that waiving the right to be placed in a deferred classification is a mistaken act of patriotism. He urges every person affected by the law to state frankly and honestly his exemption status, as by doing so he will aid materially in the task of classifying registrants.

"Therefore, bank officers and employees whose services are essential to the business should not hesitate, for fear of criticism, to claim exemption or deferred classification on occupational grounds. To do otherwise would be a hindrance rather than a help at this time.

"If officers and clerks in banks, however, neglect or refuse to claim the exemption to which they are entitled, that claim may be made for them by the bank in which they are employed. Thus, if an officer or a clerk fears unjust criticism or believes his act may be misconstrued, the bank which employs him may file a claim for his exemption on occupational grounds with the District Board of Appeals. It is most earnestly desired, however, by the authorities at Washington, that every one state frankly and honestly his exemption status, as it will be considered more patriotic and helpful to do so than it would be to waive his rights."

This information was secured direct from the Provost Marshal General's office by a representative of the American Bankers' Association, who was authorized to state that:

"You have been advised upon the highest authority in Washington that it is not the intention of the Provost Marshal General to cripple the banks, but rather to do all he can to enable them to efficiently aid the Treasury in the furtherance of its fiscal policies."

## CHAMBERLAIN'S COUGH REMEDY.

This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Scruby, Chillicothe, Mo., writes: "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for coughs, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.
